

Weekly Meeting with Dr. Hannah

Hasan Shaikh

Quantitative Imaging Research and
Artificial Intelligence Lab (QIRAIL)

1. Manuscript Formatting and Figure Revision for AIHC 2025 Submission (nnU-Net Study)

- Converted the nnU-Net manuscript into the official [AIHC 2025 conference LaTeX template](#) (8-page limit).
- Revised [Figure 1](#) and [Figure 2](#) based on suggestions from Dr. Hannah:
 - [Figure 1](#): Patient selection and dataset splitting flowchart.
 - [Figure 2](#): Example CT slices with GTV masks from private HNC (top row) and public HN1 (bottom row) datasets.
- Shared the updated draft with Nabeel and discussed all changes.
- Nabeel has shared the manuscript through Overleaf project titled: [“HNC_AIHC2025_NIT_Calicut_Paper_draft”](#) with
 - Dr. Hannah (hannahrheathomas@gmail.com),
 - Dr. Jeny, &
 - Hasan
